Hello All,

My name is Kirkland Brooks; I am the newly elected President of Kappa chapter here at Mercer University. This year is hopefully going to be an unprecedented year of improvement and growth. Not just growth of the chapter but growth of relationships. This year, after studies, our main goal is going to be developing strong ties with all of our distinguished alumni. Soon there will be a semester newsletter sent out to all alumni who's information we have along with a monthly newsletter posted right here on this website. I strongly encourage every alumni that visits this site to send us their information so that we can stay in contact. I am really looking forward to a full and progressive year ahead.

Fraternally yours,
Kirkland Brooks
